Christmas and New Year Message

As we were near the End of the Year, the Chairperson extended his warmest wishes to everyone in the wonderful community for a joyful Christmas and a safe, happy start to 2025.

Christmas and New Year are times for Celebration, Reflection, and Connection. Whether one would be enjoying the great outdoors, relaxing at home or gathering with loved ones, he hoped that season brought everyone peace, laughter and treasured moments. He urged everyone also to remember those who may be facing challenges or spending the holidays away from Families. A simple act of kindness – a friendly chat, an invitation to share a meal, or lending a helping hand could brighten someone's day.

This Year had brought challenges, but it's also been one of the resilience, progress and celebration. Together we had achieved great things, from rebuilding natural disasters to completing exciting projects that enrich our community. To all those working during holidays, emergency services, health care teams and many others- thank you for your dedication.

He also made the visitors feel welcomed that summer, sharing the hospitality that made Chirundu so special.

ESTABLISHMENT OF DISTRICT PUBLIC-PRIVATE DIALOGUE FORUM (DPPDF) FOR CHIRUNDU

It was reported for the consideration of the Council that following the training on District Public-Private Dialogue (DPPD) facilitated by the USAID Business Enabling Project, held in Livingstone at the Fairmount Hotel from November 4th to 5th, 2024, through the Provincial Local Government Officer (Southern Province), the following key takeaways were noted:

Establishment of the Public-Private Dialogue Forum (PPDF):

The PPDF was launched at the national level in 2022 by His Excellency, the President of the Republic of Zambia, Mr. Hakainde Hichilema. Its primary objective was to create a structured platform for effective engagement between the public and private sectors on issues impacting business operations at the district level.

i. Leadership and Co-Chairing: At the district level, the DPPDF would be co- chaired by the Council Secretary and a representative from the private sector, as determined by mutual agreement within the district though most preferably Chamber of Commerce.

ii. Institutionalization of the DPPDF: Choma District became the first in Zambia to institutionalize the DPPDF through a Council Resolution, followed by Petauke and Livingstone City Council. Local authorities were uniquely positioned to spearhead those forums, as they were directly connected to both the community and local business institutions.

iii. Implementation Success: In Southern Province, the project had supported the successful establishment of DPPDFs in Choma and Livingstone City Council. Those forums had demonstrated significant potential at the local level, delivering impactful outcomes such as

enhanced stakeholder engagement, improved local authority revenue, and increased investment readiness and trade facilitation.

Recommendation for Chirundu District: Establishing a DPPDF in Chirundu District is expected to bring transformative benefits, including:

- Enhancing revenue generation for the Local Authority.
- Strengthening stakeholder engagement.
- Boosting investment readiness and trade in the district.

Management therefore, recommended the establishment of a DPPDF for Chirundu District be considered and that after the approval by the Council; USAID-BEP should be engaged to conduct an orientation for district stakeholders on the establishment and operationalization of the DPPDF).

Upon a proposal by Councillor Norma Nalube and duly seconded by Councillor Lucky S. Hakooma,

RESOLVED THAT

The item on Establishment of District Public-Private Dialogue Forum (DPPDF) For Chirundu be **APPROVED**

INFRASTRUCTURE DEVELOPMENT IN SCHOOLS

i. It was reported for the information of the Committee that Construction of MOE/PEAS Pembele Barding Secondary School had advanced whereby some structures had already been completed with only few touches to make it ready. So far, the school had already opened with grade ten (10) and form one (1) classes. The targeted learner population was 660 for both Day and Boarding learners this year. Dormitories and their necessary furnishings were almost set.

ii. Appropriate adequate teaching staff were already in place working at Pembele Boarding Secondary School.

iii. Sikoongo ZEEP parent day Secondary School was already completed and was waiting for hand overs by MOE/World Bank.

iv. The three (3) ZEEP Additional Funded Schools of Katwezele Day Secondary, Chikanzaya and Syakalyabanyama weekly Boarding Secondary Schools had equally advanced but now required some additional funding from the Ministry for their last phases. The challenge of tracing water at Katwezele day Secondary School construction site had not yet been resolved but it was promised at a meeting in Mazabuka that the issue would soon be looked at finally.

v. Procurement of CDF Desks for Schools So far so good because out of the total shortfall of 10,700 Desks that were presented during Chirundu Presidential Directive Work plan, four thousand (4000) need to be again collaboratively (CDF, Educational partners, MOE) procured.

The remaining deficient was urgently needed more especially that CDF was still building 1 x 3 classroom blocks in Schools as a response to our overwhelming Free Education Policy.

Chirundu DEBO therefore was grateful to the District Commissioner, Council Chairman and the Council Secretary and the whole Council for Procuring Desks for Chirundu Schools.

Upon receipt of the item,

The item on Infrastructure Development in Schools be **NOTED**.
