3. Brain Hachendo- Civil Engineer
4. Memory Nyambe- Social Economic Planner
5. Charity Namukamba- As Community Development Officer

Attached is an attendance list.

The Zambia Devolution Support Programme (ZDSP) is a five (5) year government initiative programme designed to strengthen the decentralization process and support the government's response to the country's drought emergency program. Its supported by the world bank with a financing amount of \$210 million.

The program focuses on enhancing the capacity of local authorities to deliver quality services by improving their financial management, institutional performance and accountability.

Chirundu Town Council is one of the councils that qualified for this grant. Projects to be identified were to be in line with proposed projects in the Integrated Development Plan. It's for this reason that Chirundu Town Council held a community engagement meeting in Musaya Ward for an approved project of construction of a fire station at Kabanana .

The community members were informed about the nature of funding for the project as well as the project scope and that all projects identified should demonstrate relevance to Integrated Development Plans. Further, they were informed that investments under the program will be subject to screening and preparation of relevant instruments as detailed in the Environmental and Social Risk Management Manual and in the Program Operation Manual (POM).

UTILIZATION OF THE GRANT

The sensitization also emphasised on the Capital Grant that, it should be used to finance the or Construction, Rehabilitation Maintenance of Local Infrastructure projects such as:

- Feeder Roads
- Public Toilets
- Public Markets
- Public Parks
- Water
- Sanitation
- Waste Management
- Street Lighting
- Community Facilities

Community members were advised that, Capital grants provided under the program, cannot be utilized for funding the following types of activities;

- Investment made outside of the annual plans
- Purchase of vehicles
- Construction and furnishing of LA offices
- Residential accommodations
- Investments in loans, other micro-credit schemes and other securities
- Acquisition of land
- Any projects that may involve forced displacement or resettlement
- Activities that overlook the rights and privileges of women and other vulnerable groups like mentally/physically challenged etc.
- Activities that are for exclusive use of religious purposes
- Activities likely to cause damage /potential threat to wildlife, forest especially in protected and conserved areas.

GENERAL CONCERNS

There were a number of concerns that were raised from the community among them are the following;

Employment Creation: the community wanted more information on whether the project will provide any job creation opportunities in the ward.

In response, it was mentioned that job openings such as unskilled labour will be made available for the local people once the project commences.

Water Supply: the community complained of lack of water in the ward. They requested that the constructor drills a borehole on site and that the borehole at Kabanana be serviced and upgraded to the hand pump for it to provide water to the surrounding areas.

Increase of Prostitution due to Exposure: the community feared that the upcoming project will bring prostitution in the ward due to exposure.

In response, the community agreed to properly provide parental guidance to their children.

Conclusion

The meeting was a success, the community fully participated and understood what the project was all about and they welcomed the construction of the Fire Station in their ward.
