3.0 CAPITAL INVESTMENT PLAN presented by Ms Kate Lukumba

This was a presentation on the comprehensive plan which outlined Chirundu's strategy for investing in capital projects in order to achieve its long term objective. Chirundu district's projected total investment for the Ten-Year Period is Five hundred and eighty-three million, six hundred and nine thousand and six hundred and twenty-five kwacha (K583, 609,625.00).

This amount will have to be sourced from locally generated revenues, cooperating partners and National Support in order to achieve the ten-year (2025 – 2034) vision for the district.

A summary of Capital Investment projects that will be undertaken during the 5-year implementation period (2025-2029) amounting to three hundred and sixty million, five hundred and forty-nine thousand, six hundred and twenty-five kwacha (K360,549,625.00) was highlighted.
