Its core mandate is not different from any other Local Authority enshrined in the Local Authority enshrined Government Act Cap 281 of the Laws of Zambia.

Its vision is to Provide World-Class Town Services through Operational Excellence and a Culture of Innovation while its mission is to provide Exceptional service for an Exceptional

Community. Chirundu Town Council is a body corporate established under Article 152 of the Constitution of Zambia (Amendment) Act No.2 of 2016 and Section 6 of the Local Government Act, No. 2 of 2019 of the Laws of Zambia. As a Local Authority, the Town Council administers the Chirundu Town.

CONTEXT AND RATIONALE

Citizens remain unenergetic and detached from the level of government closest to them, often because they lack the simple knowledge of what Local government services have been provided and in what quantities, and are unable to determine such information from government documents.

The majority of Council documents serve internal purposes and do little to educate or assist the citizen in how Authorities allocate the resources. For this reason, the Chirundu Town Council called for a meeting and dissemination sessions aimed at improving performance and accountability in government as well as communicate how effectively and efficiently these services are delivered.

OBJECTIVES

- To engage the community on the budget process for the national and the Chirundu Town Council.
- To discuss roles and responsibilities of the different stakeholders in implementation of the budget process.
